Civil and Environmental Engineering at UNC Charlotte

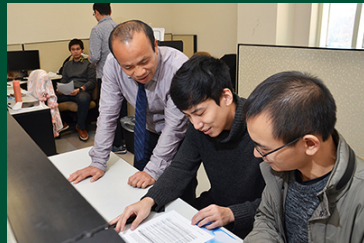

Welcome to the end of 2021 and the beginning of 2022! Now is the time to reflect on what we are doing and why. Here in CEE, we want everyone to thrive. That's a big part of our raison d'être, i.e., the "why" question that is increasingly being asked of individuals and organizations. This installment of our newsletter highlights stories of thriving in areas of research as well as student and alumni successes.

Continue reading to find out what the numbers **554**, **80**, **23**, and **8** have in common. Happy Holidays!

John L. Daniels
Professor and Department Chair
Civil and Environmental Engineering
